

# **SCOSCHE®**

# **BFEXT**

## **INSTALLATION**

---

### **XM TUNER LOCATIONS.**

Passenger Side Trunk: Impala/ Monte Carlo/ Lucern/ DTS

Behind Driverside Cargo Panel: Enclave/ Acadia/ Outlook

### **BFEXT CABLE INSTALLATION**

1. Remove the panel covering the XM tuner.
2. Insert the BFGMLANXM "T" harness into the XM tuner.
3. Attach the BFEXT cable into the 24 pin molex connector.
4. Route the BFEXT extension cable (under carpet/seat/trim) from the rear location to the front of the vehicle. Use caution to avoid moving parts, sharp metal edges and sources of electronic RF/interference.

### **MICROPHONE INSTALLATION**

1. Attach the microphone to the headliner above the rear view mirror.
2. Route the microphone cable through the headliner and through the "A" pillar to the interface location.
3. Plug the 3 pin molex connector into the pigtail on the BFEXT cable.
